AXALTA

SMARTER SYSTEM FOR **SMARTER ENERGY SAVINGS**

Our next generation Fast Cure Low Energy System - even smarter, built for speed, and designed for energy savings

The next generation of Axalta's patented low-energy technology has arrived. Our fastest system can now deliver finishes that meet OEM specifications – introducing new opportunities for bodyshops everywhere. The latest clearcoat and surfacer products in this new generation offer a more durable finish while maintaining exceptional quality. Engineered specifically for demanding, productivity-driven collision centers, the upgraded system delivers maximum efficiency and performance.
